ENRICHING CREATIVE LIVES FOR OVER 66 YEARS

Southampton Arts is a nonprofit organization that supports artists in our community at every stage in their career. This vibrant organization runs a thriving arts program featuring artist-led educational experiences for children and adults as well as a professional exhibition space, continuing a legacy of providing support for both the making and appreciation of fine art and craft.

We see creative expression as a powerful tool for individual and collective wellness, and our vision is that every member of the community should have access to this healing power of art.

Since the art school was established in 1957 by Bert Henderson, adults of all ages and ambitions have visited the little yellow brick building on Albert Street South to learn a variety of art mediums, such as watercolour, acrylics, sketching, printmaking, plein-air painting, textiles, and wood turning. Our instructors are among the best artists and teachers in Ontario, and are passionate about sharing their skills and expertise with others. We have classes for beginner, intermediate, and advanced students.

We believe children are an important part of our community. Southampton Arts offers summer programming for children ages 4 to 16, with access to a wide variety of classes to inspire them to explore their own creativity, and to experiment with new art techniques.

There are many ways to show your support of **Southampton Arts**: through attending special events, volunteering, sponsoring, and donating funds. We are always very grateful for the kindness of our customers and patrons of the arts. Please visit our website to find out more...

ABOUT THE COVER

Southampton Arts partners with Saugeen District Senior School each year by asking its art students to design a cover for our Art School catalogue. This year we received 17 entries from the Grade 11 and 12 students, and through our social media, a 'People's Choice' campaign was held to choose the winner for the cover of our 2024 catalogue. The winning cover was created by **Tania Bautista**.

"I showed Southampton Arts School as part of the town's history. I included the beach, lighthouse, and art school in one piece. The artwork features Southampton's waves, the nearby lighthouse, and the art school represented in a bottle to highlight its long history. Lastly, I added the colorful sunrise, a beloved sight in our community."

We would like to thank all the students who submitted artwork for our 2024 cover. All of the work was truly amazing! A set of 17 cards that will include all of the artwork submissions can be pre-ordered from our website. ***All proceeds from the sale of the card sets will go toward our children and youth art programming.***

COMMUNITY FOUNDATION GREY BRUCE - SOUTHAMPTON ARTS CENTRE FUND

Southampton Arts Centre Fund, managed by **Community Foundation Grey Bruce**, was created in memory of loved ones and individuals who believed in building vital, healthy, and fun art educational activities and cultural projects for residents of Saugeen Shores and surrounding communities. Whether small or large, your gift can make an impact. For more information about Southampton Arts Centre's Fund and Community Foundation Grey Bruce visit www.communityfoundationgreybruce.com

Values are our best allies as painters. Do you want to take your work to the next level? Developing a solid understanding and practice with value is key. During this two day hands-on workshop, artists will complete a number of activities designed to develop their awareness and skills when working with value.

One Colour One Stroke with John David Anderson

Date: August 22nd - 23rd Price: \$249
Time: 9am - 4pm Materials List
Intermediate Location: Art School

Good painting is a tapestry of colours from brush strokes that when looked at together give us a beautiful painting. You will learn how to see through the challenges of landscape painting by this colour application practice that will help you produce confident, strong paintings, filled with clean colour notes that wonderfully express the landscape. Colour theory, colour mixing, and colour selection along with demonstrations and coaching and helpful critiques will round out our sessions.

Ink and Watercolour: Capture Light with Greg McDonald

Date: August 26th - 27th Price: \$249
 Time: 9am - 4pm Materials List
 Beginner/Intermediate Location: Art School

Leaving white space on your paper to create dazzling luminosity is one of the main thrills of painting with watercolour. Learn to see and use the white space of your page to your advantage in creating light filled dynamic art. Paint with a sense of depth, balance, and harmony through the user of contrast, silhouettes, and illusions. Weather permitting, each day we will venture outside the studio and into the streets of Southampton for you to capture your own interpretation of balance and rhythm in your art.
